Summary of Existing Regulations

The OSFM currently adopts by reference the California Code of Regulations, Title 24, Part 2.5, 2013 California Residential Code with OSFM amendments relating to regulations that establish minimum requirements for the prevention of fire and for the protection of life and property against fire and in any building or structure used or intended for use as defined in each of the Health and Safety Code references shown above.

Summary of Effect

The general purpose of this proposed action is principally intended to update and codify a new edition of the California Residential Code (California Code of Regulations, Title 24, Part 2.5) based upon a more current edition of a model code. The current California Residential Code in effect is the 2013 California

Residential Code which is based upon the 2012 International Residential Code of the International Code Council. This proposed action:

- Repeal the adoption by reference of the 2012 International Residential Code of the International Code Council and incorporate and adopt by reference in its place the 2015 International Residential Code of the International Code Council for application and effectiveness in the 2016 California Residential Code pursuant to Health and Safety Code 18928. Health and Safety Code 18928 requires any state agency adopting model codes to adopt the most recent edition.
- Repeal certain amendments to the 2012 International Residential Code and/or California Building Standards not addressed by the model code that are no longer necessary pursuant with Health and Safety Code 18930(a)(7)..
- Adopt new building standards or necessary amendments to the 2015 International Residential Code that address inadequacies of the 2015 International Residential Code as they pertain to California laws.
- Bring forward previously existing California building standards or amendments, which represent no change in their effect from the 2013 California Building Standards Code.
- Codify non-substantive editorial and formatting amendments from the format based upon the 2012 International Residential Code to the format of the 2015 International Residential Code.

Comparable Federal Statute or Regulations

The OSFM has determined that there are no comparable federal regulations or statutes addressing the fire and life safety requirements as presented in this notice.

Policy Statement Overview

The broad objectives of these proposed regulations is to specifically comply with HSC Section 18928 that requires each proposing state agency to take action on the model code within one year after it's publication.

The intent of this proposed action is to adopt by reference the 2015 International Residential Code and amend said document with new and existing 2013 OSFM amendments. The OSFM further proposes to offer new amendments where necessary to ensure that the regulations of the California Residential Code, establish and or maintain minimum requirements for the prevention of fire and for the protection of life and property against fire and in any building or structure used or intended for use as defined in each of the Health and Safety Code references shown above in the summary of existing laws.

Evaluation of consistency

The OSFM has determined that that the proposed regulations are not inconsistent or incompatible with existing state regulations addressing the fire and life safety requirements as presented in this notice.

OTHER MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS

(Government Code Section 11346.5(a)(4))

The OSFM has determined that there are no other prescribed statutes or to any specific regulation or class of regulation applicable to the adoption by reference and the amendments relating to the 2012 International Residential Code.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

(Government Code Section 11346.5(a)(5))

The OSFM has determined that the proposed regulatory action would not impose a mandate on local agencies or school districts. Therefore, does not mandate state reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

ESTIMATE OF COST OR SAVINGS

(Government Code Section 11346.5(a)(6)) An estimate, prepared in accordance with instructions adopted by Department of Finance, of cost or savings to any state agency, local agency, or school district. Provide a copy of the "Economic and Fiscal Impact Statement" (Form 399)

(Government Code Section 11346.5(a)(8)) If the agency makes an initial determination that the adoption/amendment/repeal of this regulation will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states, it shall make a declaration to that effect.

Therefore, the OSFM's initial determination of no significant, statewide adverse economic impact directly affecting business in California and their ability to compete with businesses in other states does not require any additional evidence, documents or other evidence to support this action.

FINDING OF NECESSITY FOR THE PUBLIC'S HEALTH, SAFETY, OR WELFARE

(Government Code Section 11346.3(d)). Any regulation that requires a report shall not apply to businesses, unless the agency makes a finding that it is necessary for the health, safety, or welfare of the public that the regulations apply to businesses.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

(Government Code Section 11346.5(a)(9)) Describe all cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. If no cost impact provide the following statement:

ASSESSMENT OF EFFECT OF REGULATIONS UPON JOBS AND BUSINESS EXPANSION, ELIMINATION OR CREATION

(Government Code Section 11346.5(a)(10), Government Code Section 11346.3(b)(1))

The Office of the State Fire Marshal has assessed whether or not and to what extent this proposal will affect the following:

- ☐ The creation or elimination of jobs within the State of California.

These regulations will not affect the creation, or cause the elimination, of jobs within the State of California.

- ☐ The creation of new businesses or the elimination of existing businesses within the State of California.

ESTIMATED COST OF COMPLIANCE OF STANDARDS THAT WOULD IMPACT HOUSING

The OSFM has made an initial determination that this proposal would not have a significant effect on housing costs.

CONSIDERATION OF ALTERNATIVES

(Government Code Section 11346.5(a)(13))

The OSFM must determine that no reasonable alternative considered by the state agency or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.
